Okapi Digital Literacy™

Digital access to over 1200 books with teaching support for every title!

Okapi Digital Literacy™ is a digital book platform that enables teachers to view and share Okapi's resources with students. In addition, teachers can access and download lesson plans for every title or paired-book duo. The complete platform provides comprehensive digital access to all of Okapi's award-winning flagship programs, plus downloadable instructional tools for ***Flying Start to Literacy: Phonics™***, ***Flying Start to Literacy™***, ***Despegando hacia la lectura®***, ***WorldWise: Content-based Learning™***, ***ExploraMundos™***, and ***Biliteracy para todos™***.

Okapi Digital Literacy™ is the resource you need for exceptional digital delivery of content and instruction. Consider the difference these exciting features will make to your existing Learning Management System:

- Access the bank of titles from any phone, computer, or tablet.
- Share books with students through links you create.
- Use tools to annotate and mark up texts.
- Switch to the alternate language title through a simple click.
- Download lesson plans.

“Okapi Digital Literacy™ has been an absolutely amazing tool in our virtual classroom to better engage students during our ELA small group sessions. My students are so excited to read the books and really enjoy utilizing the interactive annotation tools embedded in the program. It is making quite a difference in our small group sessions.”

—Aquilla Jackson, Franklin Elementary

Did you know?

The cost of an annual license ending June 30th can be prorated based on the month it goes into effect!

WorldWise: Content-based Learning™ Investigations

How do plants and animals survive in extreme climates?

What is it like to live in a rainforest?

How can my school reduce, reuse, and recycle?

Investigations are designed to guide students in Grades 3–5 as they launch their own inquiries and find out more about topics from the **WorldWise: Content-based Learning™** texts they read.

Part 1 encourages students to ask questions, make predictions, and identify their inquiry.

Part 2 helps students to create a plan for their investigation.

Part 3 teaches students to record and analyze data.

Part 4 helps students evaluate the information they have collected and identify any patterns they have found.

Part 5 teaches students to communicate and share their discoveries.

Investigations will be available to any license holder of the corresponding **WorldWise: Content-based Learning™** content on Okapi Digital Literacy™, as well as to purchasers of the corresponding printed books.

Also available in Spanish as **Investigaciones** for Grades 3–5 titles in **ExploraMundos™**.

What Your Students Can Do

Using the links provided by their teacher, students can utilize many of the same features of the platform that are available to you:

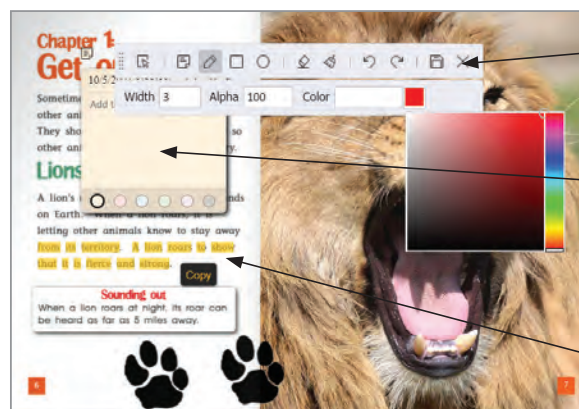

- Access their books from any electronic device
- Continue to enjoy this access for 30 days after receiving the link
- Use the search function to locate vocabulary and topics within the text
- Select and copy text to their clipboards
- Use annotation tools to create, erase, and save notes

You Guide the Learning!

Your students will have access only to the books you decide to share with them, allowing you to determine the focus of each whole-class or small-group reading session. Using the “Share Book” feature for each title, generate a link for each book and send it to each student in your classroom; or, selectively send it to each participant of your small group. (This access will continue to be available to the students for 30 days.)

Alternatively, you can simply share your screen during instruction. Easy-to-use directionals allow for forward/backward page-turning and for returning to the beginning or end of the book.

An **Annotations Menu** is available to you with every book you select, offering you countless ways of adapting texts for vibrant and interactive instruction.

Underline, enclose, or circle selected portions of the text.

Create notes in a variety of colors.

Highlight and copy text to your clipboard.

Okapi Digital Literacy™ is offered to you through one-year licenses expiring on June 30, 2025. **These licenses cover use by your entire school building.** District and multi-year licenses are also available. Your digital license is contingent upon purchase of printed materials. As such, you will see an option below for combining print and digital at a bundled price. Be sure to ask about a prorated license for the balance of this school year!

Purchase options include the following:

- Unrestricted Platform Access (more than 1200 student texts with all instructional support)
